Preface

**S.S. MEENAKSHI SUNDARAM, IAS
COMMISSIONER & SECRETARY TO THE GOVERNOR,
ASSAM**

'I have a dream'- a speech delivered by Martin Luther King Junior, is an ever lasting inspiration to the people around the world. These strong words are very much true of the institution of Raj Bhavan, Assam its constitutional role, commitment to the state and for the welfare of all sections of the people.

The history and heritage, pride and prestige of Raj Bhavan, Assam have been upheld and new ceiling established under the leadership of Hon'ble Governor Prof. Jagdish Mukhi. Moreover, his guidance has lasting record and enabled this constitutional edifice to shine more brightly.

As a testimony of all the activities that have taken place under the leadership of the Hon'ble Governor in the last couple of years, we have decided to bring out a coffee table book.

With vivid pictorial glimpses that practically speak to you in every page, this coffee table book highlights our Hon'ble Governor's deep sense of inclination on various issues pertaining to various issues of concerns to every resident of Assam namely women's empowerment, doubling of farmers income, higher education and bringing about a paradigm shift in the delivery of good governance to the people, to name a few.

The Hon'ble Governor had also undertaken measures for making Raj Bhavan, Assam, clean and green, environmentally friendly by promoting sustainable and eco-friendly practices. This book also presents a montage of his initiatives when he took the charge of administration of Bodoland Territorial Council for a short period. The Governor, being the Chancellor of the state universities took several steps for the academic and infrastructural development of these public institutions of higher learning. To put it into perspective, the coffee table book is a representation of events and initiatives and innovations carried forward from Raj Bhavan under the leadership of the Hon'ble Governor in the last two years.

I am sure that this coffee table book would enable the readers to truly realize the commitment of Raj Bhavan, Assam to the state of Assam, to the people of Assam, to the North East region and to the larger Indian Nation.

Jai Ai Axom

Jai Bharatam

Presenting vignettes of gubernatorial activities in the form of coffee table has been a regular feature in Raj Bhavan Assam. Following this consistency, we are bringing out a Coffee Table Book, which would not have been possible without the motivation and unstinted support from our Honourable Governor Prof. Jagdish Mukhi. I humbly acknowledge his inspiration which has helped us to get this coffee table book.

Acknowledgment is also due to Secretary Smt. Swapna Dutta Deka, ACS, Addl. Secretary Smt. Kabita Deka, ACS, Principal Private Secretary Dr. S.N. Bhowmik, Deputy Secretary Gitartha Baruah, ACS, Special Officer Shashee Bhusan Raj Konwar, ACS, and other officers and staff of Raj Bhavan who helped us to bring out this coffee table book. Special mention is also due to Smt. Lucky Biswas, Public Relations Officer to the Governor who conceptualised and transformed this book into a vivid portal of beautiful images and stimulating facts.

Acknowledgment is also due to the cooperation of social media assistant Debasish Bora and photographers Purba Jyoti Baishya and Kumud Talukdar and others whose tangible and intangible support helped us to make this Coffee Table Book a reality.

**S.S MEENAKSHI SUNDARAM, IAS
COMMISSIONER & SECRETARY TO THE GOVERNOR,
ASSAM**

Foreword

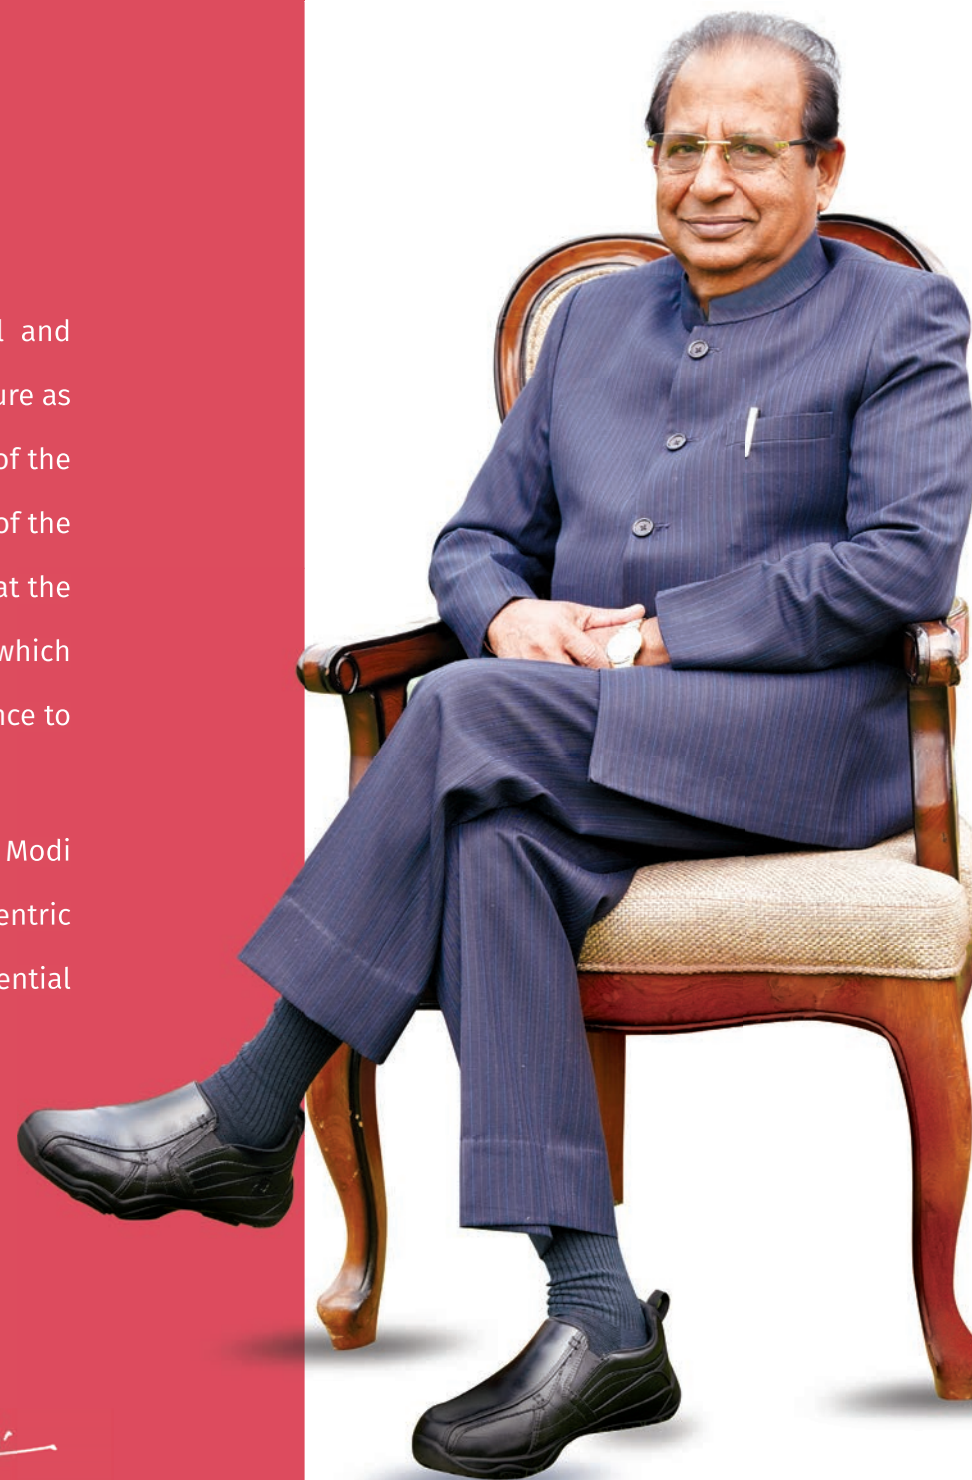

Assam is a beautiful state with unparalleled grandeur, vast and untapped resources. Diverse communities have been living here in mutual harmony with bountiful opportunity of embracing their own aspirations. Taking these aspirations into consideration, our State has evolved a working system, which leads to cordial relations among people belonging to different caste, community and ethnicity.

People of Assam are known to the rest of the country for their metal of wisdom, the source of fairness and objectivity. They are the people of sublime pensiveness, universal apologues, and unique contributions. Assam and Northeast are close to ASEAN nations. Many of ASEAN capitals are within 2,000 kilometre flying distance from Guwahati which is comparable to flying distance of Guwahati to many Indian cities. Assam has over 20 million people in the working age group heralding a new era for youth led development. The State has a large pool of skilled workforce, adept in IT knowledge.

In this milieu, leading the state and drafting its 'socio-academic-cultural and industrial empowerment narrative' so far has been the prime focus of my tenure as the Governor of the State. There has been an orchestrated effort on the part of the state administration to bolster the development of Assam taking all sections of the people on board. As such several initiatives were undertaken during my stay at the helm of affairs of the State government. I am happy that a Coffee Table Book which is a vivid portal of beautiful images and inspiring facts is making its appearance to highlight the gamut of initiatives taken so far.

With this commitment, I under the charismatic leadership of Shri Narendra Modi ji, have taken the responsibility to work whole-heartedly to give a people-centric development. It is an opportunity to rededicate ourselves to realise the potential of the state.

This book is dedicated to the people of the state.

Prof. Jagdish Mukhi
Governor of Assam

Brief History of Raj Bhavan

Raj Bhavan Assam is situated on a plot of land measuring about 3.37 bighas (0.45 hectare) at a dag number 432. The land belongs to Saroj Kumari Choudhury and a few others. Saroj Kumari Choudhury was the youngest daughter of Manik Chandra Baruah, an eminent Assamese gentleman whose untiring efforts had led to the establishment of Cotton College in 1901. Baruah was also a tea planter whose tea estate called Latasil which he had acquired from a British planter, was located in the Kharguli hills.

View of Raj Bhavan from Lachit Dwar

The portion of the land that subsequently belonged to his daughter and is now part of the Raj Bhavan, was part of that tea estate. The road that winds up from the gate of Hotel Belle Vue up to the porch of the Raj Bhavan is mentioned in the district land records as dag number 431. The road covers an area of 2.16 bighas (0.29 hectare) and also primarily belonged to Saroj Kumari Choudhury. Similarly, a plot measuring 15.78 bighas (2.11 hectares) under dag number 430 also belonged to P.C. Barooah and several others before being acquired for the purpose of construction of the Raj Bhavan.

Yet another plot measuring 1.35 bighas (0.18 hectares) that today forms a part of the sprawling Raj Bhavan complex and finds mention in official land records under dag number 463, on the other hand, belonged to the Imperial Tobacco Company, a British company and then as ITC Ltd. It was on this plot that Imperial Tobacco Company had built a beautiful bungalow which it named "Tila"-meaning hillock. This cute bungalow today forms a part of the Raj Bhavan complex and is being used as the official residence of the Aide-de-Camps of the Governor. Amar Mishra, ITC's operational head in Guwahati during the 1950s (and later became Executive Assistant to Ajit N. Haksar, the first Indian Chairman of ITC Ltd.), used to stay in this bungalow. Mishra was not only very fond of Indian Classical music, but had also played an instrumental role in initiating ITC's patronage of classical music immediately after it became an Indian entity. It was because of Mishra's initiative that legendary classical musicians like Ustad Vilayat Ali Khan had come to Guwahati for the first time and performed in the city.

The 'Tila'-which was recently renamed as "Wuthering Heights"-is often also referred to as 'Old ITC House', and has five rooms which together cover an area of about 191 sq. metre. This bungalow also has a private

swimming pool measuring 7.5 metres in length and 4.4 metres in width. The garden itself is wonderful, overlooking the majestic river, giving the bungalow the look of that of a tourist resort.

It was exactly on October 19, 1980, that Governor L.P. Singh literally inaugurated the Raj Bhavan in Guwahati. Construction of the main building (Chilarai Wing-named after the great General and Prime Minister of the Koch Kingdom, whose real name was Sukaladhvaj, who had also conquered most of the Brahmaputra valley in the 1560s) was yet to be completed. But Singh insisted that at least the residence portion of the building be readied for occupation. And thus, even as the last coating of paint was being applied, Singh moved on October 19, to become the first occupant of the Raj Bhavan in Guwahati. There was however, no official function or any celebration to mark the occasion. It was rather a quiet 'griha-pravesh' (house warming) because of the President's Rule that was on, as such there was no scope for any political personality to be present on the occasion.

The Chilarai Wing, which comprises of the official residence as well as the office chamber of the Governor, has two parts. One portion is two-storeyed residence of the Governor which has an area of roughly 483.36 sq. metre on the ground floor and about 135.78 sq. metres on the first floor. The ground floor, in fact, comprises of seven rooms apart from the kitchen. Of the seven rooms, three have distinct names of their own, they being Chakrashila, Orang and Pobitora-all three are important wildlife reserves of the state. While Orang is also a National Park located in Darrang district in northern Assam, Chakrashila in Bongaigaon district is famous for its highly successful golden langur conservation project. Pobitora, on the other hand, is a Wildlife sanctuary in Morigaon district, hardly 30 kms. East of Guwahati, and has the high density of one-

horned rhinoceros.

The main living room, which is the first as one enters the Chilarai Wing, is a pretty room measuring a little over 46.12 sq. metres, while the sitting room just behind it is even bigger, measuring about 46.15 sq. meters. The main bedroom, measuring about 33.2 sq. metres on the other hand, has a wonderful glass room attached to it that is approximately about 32.5 sq. metres. Between the main bedroom and the glass room is a beautiful little prayer room that measures slightly less than 9 sq. metres.

The first floor of the main residential block of the Chilarai Wing, on the other hand, measures only 135.78 sq. metres and comprises of the two large bedrooms. These two are also named after two National parks of the state-Kaziranga and Manas, both are World Heritage Sites.

The Governor's office chamber, adjoining the residential block in the Chilarai Wing, originally used to be small. It was expanded and renovated on May 2003 during the tenure of Lt.Gen(Retd.) S.K.Sinha. But it was his successor Lt. Gen. (Retd.) Ajai Singh who was the first to use it soon after he took over on June 5, 2003. The Governor's office block covers an area of 165.2 sq. metres, of which the largest room is the Governor's chamber itself, which measures roughly 47.58 sq. metre. This block, which is linked to the main residential building of the Raj Bhavan by a car porch, also houses the office chambers of the ADC, the Private Secretary to the Governor and a couple of other officers, apart from having a waiting room for visitors.

Just outside the Chilarai Wing is a replica of a stone pillar that has an inscription describing the great victory of Namjani Barphukan-Lachit Barphukan-over the Moghuls in the Battle of Saraighat.

The Lachit Wing is a relatively new addition to the Raj Bhavan and was constructed in 2001-02. It is a four-storeyed RCC structure of which the ground floor, covering an area of a little over 300 sq.metres, is mostly a parking space. The first floor (which covers about 270 sq.metres including the staircase and lift) houses the Governor's Secretariat, while the second floor primarily comprises the Durbar Hall that alone covers about 192 sq.metres. Together with space for a media box, waiting area, porch and other utilities, this floor actually covers about 306 metres and is the place where swearing-in ceremonies and other functions are held.

The durbar Hall is a spacious hall, which has a seating capacity of 300. This has an elevated platform on the northern side, which serves as a stage for various official functions including swearing-in ceremonies

of Chief Ministers and other Ministers. In fact, Syeda Anowara Taimur was the first Chief Minister to have been administered Oath of Office and secrecy in the Guwahati Raj Bhavan; that was on December 6, 1980. Since then there have been eight occasions when Chief Ministers were sworn in this Raj Bhavan. They are (chronologically): Keshab Chandra Gogoi(January 13, 1981), Hiteswar Saikia twice (February 27, 1983 and June 30, 1991), Bhumidhar Barman (April 22, 1996, due to the sudden demise of Hiteswar Saikia), Prafulla Kumar Mahanta(May 15, 1996), and Tarun Gogoi thrice (May 17, 2001; May 15,2006 and May 18,2011). When Mahanta became Chief Minister for the first time, the swearing in ceremony was held in the Nehru Stadium (December 24, 1985).

It was, however, only Chief Minister, Tarun Gogoi who was actually administered the Oath of Office and

secrecy in this Durbar Hall, because of the fact that this building came up only in 2001-02. The others were mostly sworn in either in the main living room of the Chilarai Wing, or later in a temporary Durbar Hall constructed on the western side of the Chilarai Wing. This was later demolished to clear space for a new guest house block.

The wall behind the elevated portion of the Durbar Hall has a huge painting of Srimanta Sankardeva, the greatest 16th century saint, social reformer, musician, playwright and artist of Assam. The Hall also has paintings of three other great sons of Assam-Lachit Barphukan, Chilarai and Gopinath Bordoloi.

Girls Volleyball Mission

Prof. Mukhi launches 'Governor's Girls Volleyball Mission, 2020-21'

In a move to empower girls through sports, Assam Governor Prof. Jagdish Mukhi launched Governor's Girls Volleyball Mission, 2020-21. It may be noted that under the Mission volleyball kits have been distributed to 5453 selected schools of the state to promote volleyball among the girl students. The Mission is a joint initiative of the Sports and Youth Welfare Department, Education Department and Panchayat and Rural Development Department.

Prof. Mukhi said, "Sports are beneficial to us as they teach us punctuality, patience, discipline, teamwork, dedication and devotion. Sports not only enhances teamwork but also instils a spirit of openness to accept others".

Assam Governor distributes Volleyball kits to girl students under the scheme of Governor's Girls Volleyball Mission

He also said that everybody must adopt sports as a part of their lives. “I am pleased to share with the participants that our land, which is blessed with the virtues of Srimanta Sankaradeva and Dr. Bhupen Hazarika, has a rich sporting history that dates back to several hundred years”.

Prof. Mukhi said that he always believed that fit and healthy individuals make an equally healthy society and a stronger nation. Referring to Prime Minister Narendra Modi who says “Jo Khele, Wo Khile”, Prof. Mukhi asked the students to use this Mission as a tool to develop their personality.

It may be noted that the Governor adopted the Girls Volleyball game considering the popularity of the game in the rural areas. Accordingly, the Directorate of Sports and Youth Welfare has taken up the programme of ‘Governor’s Girls Volleyball Mission’. It may also be mentioned that the Education department has selected a total of 5453 schools on the basis of availability of playgrounds and considering the enrolment of a minimum 20 girl students. The Panchayat and Rural Development department has engaged itself with the Mission to develop the volleyball playgrounds in these selected schools in convergence with MGNREGA scheme. The Sports and Youth Welfare Department will provide the volleyball sports kits for the selected schools. Volleyball coach trainers will also be deputed in collaboration with the local Volleyball Associations for training the girl students.

Governor Prof. Jagdish Mukhi inaugurates implementation of Zero Waste Campus in Raj Bhavan

Raj Bhavan Assam, an eco-friendly zone in collaboration with TERI

With an aim to achieving objectives of Swachh Bharat Abhiyan and reduce the impact of waste on environment, Governor Prof. Jagdish Mukhi launched the implementation of Zero Waste management for the in Raj Bhavan Campus at a programme held in Raj Bhavan

Production of vermicompost soil

Vermi composting unit

Shredding of waste material

on October 2, 2021. Titled 'The Raj Bhavan Assam- a Zero waste Campus' it is an approach for holistic assessment of solid and liquid wastes, their management, gap analysis, formulation and implementation of standard waste management procedure for achieving a zero waste campus at Raj Bhavan, Assam.

It may be noted that the project has been conceptualised by Raj Bhavan under the initiative of Governor Prof. Jagdish Mukhi and under the technical support of The Energy and Resource Institute (TERI) as an implementation agency and knowledge and technical partner.

Launching, the project the Governor said that adopting zero waste management in Raj Bhavan is a one step towards fulfilling the ideals of Gandhi ji for a clean and a green nation. He said that implementing the zero waste management will minimize all harmful discharges to land, water or air which are threats to the environment, human, animal or plant. He further said that a fundamental constructive change will happen only when each and every individual participates and contributes to the cleanliness of environment.

Governor distributes spinning machine to a beneficiary

Governor adopts Morigaon district for doubling of farmers' income

With an aim to develop agriculture and to use it for the socio-economic development of the people of the state, Assam Governor Prof. Jagdish Mukhi adopted Morigaon district for development of agriculture and allied activities. A series of meetings were held with the heads of agriculture and allied departments like irrigation, horticulture, sericulture, piggery, poultry and fishery for proper coordination, to decide on the modus operandi for implementing the scheme of things. Governor Prof. Mukhi also sought a detailed report from the respective departments to take the project off.

Prof. Mukhi opined that agriculture and the other departments collectively can be contributors to the socio-economic development and taken in right earnest, the sectors can create huge employment avenues besides ensuring food security, self-reliance and growth of economy.

Governor in a meeting with Minister, Pijush Hazarika, DC Morigaon, VC Agricultural University and senior officials of agriculture and allied depts. in Raj Bhavan

It may be noted that the Governor has taken the inspiration from Prime Minister Narendra Modi's dream programme of doubling the income of farmers. He further said the agriculture department should act as a force multiplier and maintain constant monitoring to achieve agricultural growth. He also stressed on achieving targets set by different departments within the stipulated period. Worth mentioning that the Governor adopted Morigaon district with an intention to make it a model for the other districts to emulate.

Assam Governor Prof. Jagdish Mukhi took over the charge of BTC on 27th April 2020. Immediately after imposition of Governor's rule in BTC, several interventions were made to streamline service delivery in BTC. Despite challenges posted by Covid and flood season, and within the limitations imposed by Model Code of Conduct in force, progress has been expedited in almost all ongoing schemes of Govt. of India as well as Govt. of Assam. Two major areas where remarkable success has been achieved is Forest (conservation, protection and regeneration) and Land Revenue.

Prof. Mukhi giving a one-point direction to the officers said that the people of BTC should not face any difficulties because of COVID-19 induced lockdown. He also asked the officers to take care so that no laxity creeps in the administrative machinery and asked them to make the administration strong yet responsive for the larger interest of the public. He also asked them to do everything possible to fulfil people's expectations. He also said that it is a joint responsibility to work for the welfare of the BTC and everybody should join hands in this direction.

Governor meets all the Heads of the Departments in Baksa

Solving people's WOES in BTC

After assuming the administration of Bodoland Territorial Council, Assam Governor Prof. Jagdish Mukhi held a meeting with Chief Secretary, Kumar Sanjay Krishna, Administrator Rajesh Prasad and Principal Secretary to BTC Siddharth Singh in Raj Bhavan.

The Governor after taking over the administration of BTC, has asked the functionaries to make the BTC administration pro-people. He also asked Administrator to set public grievance boxes with lock and key facility in all DC offices, SP offices, SDO © offices, Circle offices and all BDO offices.

The Governor further directed to organize Public Grievance Redressal Day on every Tuesday and Thursday at 11 am at BTC Secretariat, four DC and SP offices, six SDO © offices, 19 Circle offices and all BDO offices. Senior officers will be entrusted to hear the grievances in person and take necessary action in a time bound manner. He said that he would undertake visit to BTAD areas frequently to take cognizance of the implementation of development activities.

Governor convenes meeting on Illegal tree felling, illegal timber trade, illegal sand mining and plantation activities in BTAD

Assam Governor Prof. Jagdish Mukhi after assuming administration of BTC has initiated various measures for overall development of the region.

Chairing a high level meeting with the Forest Minister, Govt. of Assam Parimal Shuklabaidya, Chief Secretary, Govt. of Assam Kumar Sanjay Krishna, DGP Bhaskar Jyoti Mahanta and senior officers in Raj Bhavan Prof. Mukhi stressed on pro-active steps to stop illegal tree felling and illegal timber trade and illegal sand mining in the BTAD areas.

The Governor advised the officials of the forest and related department against any kind of illegal tree felling, illegal timber trade, illegal sand mining and illegal encroachment in the forest areas during his rule. The meeting took several important decisions in regard to stopping of the illegal activities.

The Governor said, "Bio-diversity, greenery and the flora are natural gift to the North East and rampantly cutting of the tress creates an imbalance in the nature. Therefore anybody found

engaged in the business of illegal tree felling and timber trade will be seriously dealt with". Moreover, since illegal timber trade and cutting of trees were taking toll on the biodiversity, the administration under the Governor making its intent ubiquitous, acted against illegal timber felling, illegal sand mining and wild life poaching. As a result, since 27th April so far 41 persons were arrested, 99 vehicles were seized and 25 saw mills were seized. Further, as a part of sequel of initiatives to enrich biodiversity and protect the sprawling wildlife of BTAD, a huge cache of ammunition namely 150 number of .303 rifles were provided to the forest department to empower the law enforcing agencies to act against the poachers and their group.

Moreover, for strengthening their work and for the surveillance of forest areas, quotations were sought for purchasing 8 four-wheeled vehicles and 40 motorcycles. Besides, 31 numbers of new forest protection camps are being created for different forest divisions. To give a new lease of life to the forest department and change its stereotyped functioning, a few DFOs and rangers were transferred to new place of postings.

Governor Launches plantation drive in BTC

The rich bio diversity and protective green cover of BTAD area had seriously dwindled and Governor, Assam acceding to the demands of the various environmental enthusiasts has taken up a massive program of plantation across the four BTAD districts in a time bound manner called 'Hariyali'. The programme also aimed at generating awareness and to initiate assorted actions for the protection of environment in BTAD. Governor, Assam Prof. Jagdish Mukhi, planted saplings and ceremoniously inaugurated 'Hariyali' on World Environment Day at Chirang. As a part of the above initiative 10 lakhs saplings have been planted in each of the four BTAD districts i.e., Udalguri, Baksa, Kokrajhar and Chirang.

40 lakh saplings planted within three months in BTC

Governor Assam launched the project “Hariyali” at HQ of 15 Btln SSB, Kajalgaon, Chirang district. Various varieties of plants species like jamun, aam, jalphai, leteku and ornamental species like krishnachura, radhachura, jacaranda, sonalu were planted.

40 lakhs of plants inclusive of flowering, fruiting, medicinal and other plant varieties have been planted in the BTAD area in the three months, June, July and August 2020 that is the rainy season. The Governor said, “We are at the moment standing at the crossroads of urbanization and environmental degradation. However, since urbanization and its fallout of economic development have to go hand in hand, we need to devise a strategy of development in sync with the ecology. No society can go towards advancement without a balanced ecology”.

Assam Governor visits flood hit areas

Governor Prof. Mukhi on visiting the relief camp, talked to the camp inmates sheltered there. He asked district administration to leave no stone unturned to assuage the sufferings of the babies, elderly people, pregnant women and lactating mothers. He also asked Deputy Commissioners to take care of the health and hygiene of the camp inmates including providing safe and pure drinking water. He also asked the DC to make available medical facilities to the camp inmates.

Assam Governor Prof. Jagdish Mukhi visits the flood hit Barpeta and Baksa districts where the overflowing rivers created havoc, rendering thousands of people homeless.

The Governor during his day long visit, first arrived Safakamar and took stock of the erosion hit road. He also visited Chunbari and Bispani areas and inspected the erosion affected places and interacted with the people. He also visited Mathanguri and inspected the entry point of river Beki which causes perpetual flood and erosion every year. Visiting the areas in spite of inclement weather, Governor Prof. Mukhi expressed concern over the extensive soil erosion perpetrated by Beki during its meandering course through Barpeta and Baksa districts.

Republic Day Celebrations

At Khanapara

While India attained Independence on August 15, 1947, it was on January 26, 1950 that the Indian Constitution came into effect. It was also on the same day that the country declared itself a Sovereign, Democratic and Republic state.

The Governor, being the Executive Head of the State within the meaning of Article 153 and 154 of the Constitution of India, has the responsibility of unfurling the national flag in the official Republic Day function in the state.

Independence Day At Raj Bhavan

Independence Day has been one of the auspicious days in our country. This day has a special significance as on this day we freed us from the shackles of foreign dominion and became independent. This was made possible by generations of freedom fighters; some known, many unknown. They made great sacrifices. Today, we breathe under free skies because of the unparalleled contribution of our freedom fighters. Our nation, like many others, suffered great injustices and tyranny under foreign rule. What distinguishes India, however, is that the character of our nationalist movement, led by Mahatma Gandhi, was based on the principles of truth and non-violence. Now as we look back to the seventy five year journey of our republic, we have reasons to be proud of the considerable distance we have travelled.

Mukhi: Will give autonomy to colleges in graded manner

Kangkan.Kalita | @timesgroup.com

Guwahati: Assam governor Prof Jagdish Mukhi on Monday presented the state's views on implementation of National Education Policy (NEP) 2020, urging the President and Prime Minister to set up two central government institutions in Assam.

Governor Mukhi presented his views at a virtual meeting of governors' conference which was graced by President Ram Nath Kovind, Prime Minister Narendra Modi, Union education minister Ramesh Pokhral 'Nishank', minister of state for education Sanjay Sham Dhotre and chairman of committee for draft NEP Kasturirangan.

Mukhi said that he has constituted a committee of select vice-chancellors to study and means to suggest time and strategies for the implementation of NEP 2020, in the higher education sector in Assam.

The Assam governor said that the committee, constituted by him, had its first meeting recently and provided a series of recommendations. "A Rajyik Nishankha Aayog would be consti-
